COTTON ILLS ARE AIRED HERE

CONGRESSMEN MEETING FARMERS IN CAMERON

(From Monday's Daily Herald)

With cotton production uppermost in their plans for agriculture in Texas and the South five Congressmen were on hand at 10 a. m. Monday for a heralded meeting of farmers.

The meeting took on the usual discussion of what to do for the cotton farmer, now virtually blacked out by encroachment of synthetic fibre, labor costs and stock market gamblers.

How to raise cotton at a profit and how to increase its consumption was the main objectives. Frankly the Congressmen admit they do not know the solution.

It was not likely anyone would suggest permanently closing the stock exchanges and restricting the sale of cotton to spot markets through a system of farmer to spinner. Nor was it likely that anyone would go so far as to say we must have a guaranteed price commensurate with upward trends in the year in which the crop is produced and not based on parities.

The recent break in the cotton market due to gamblers is a good illustration of what has been the fate of cotton farmers for almost a century.

Congressman Pace of Georgia, who presided at the meeting here, declared an effort will be made to drive the gamblers out of the cotton market. Cotton futures are extraneous factors in the market of any commodity controlled by exchanges and sup-

YOEMEN GET HOLIDAY WAITING BELTON GAME

The Yoemen get a holiday this week end for their schedule is an open date and it is no secret that Coach Leo Jackson is not trying to get a game.

The Yoemen will take up the conference schedule on November 8 when they meet th Belton Tigers in Cameron. Only two more games are on the 1946 schedule, Belton here November 8 and Rosebud here on November 15. Both are conference games.

On Friday night this week Rosebud goes to Killeen. That should be a good game. The Rosebud Black Panthers are a threat at all times. They defeated Taylor 20 to 7 last Friday night an dbecame the first Rosebud team in history to win from the Ducks.

Coach Jackson and his Yoemen are not thinking abonut conference victory. They are working very hard trying to figure out how to get by Rosebud and Belton.

When the Yoemen meet Rosebud Panthers they will have to face the first and only passing offense they have had to play against this year. The Yoemen should take Rosebud but it will not be an easy game.

Belton is weak but anything can happen in a football game so for the present Coach Jackson has nothing on his mind except that game on November 8 and the other on November 15. A bi-district and regional game are not in the picture now.

SOIL BUILDING PRACTICE IS BOOMING IN MILAM

Milam county farmers are progressively embracing a better soil program looking to greater profits as shown by the increased acreage devoted to legumes.

It was reported by Alva Sanders, director of the government farm offices in Cameron, that up to Monday $75,000 worth of seeds had been distributed to farms. These seeds for winter cover crops include Hubam Clover, Rye Grass, Austrian Winter Peas, Williamite Vetch and Melilotus Indica.

These plantings are soil builders and also serve as erosion control crops. Some of the most profitable farming reported this year has been the harvest of seed from Hubam Clover.

Mr. Sanders said that these soil practices are increasing and the farm program is shaping up well in this county.

The contract with the government calls for turning these crops under or leaving them on the land. They are not to be grazed. In the spring these crops can be profitable because of the harvest of seed.

Crop insurance period is not far away. The farmer can buy insurance policies on his crops in the same denomination as life insurance, the premium charges depending on the amount he wishes to buy.

Mr. Sanders said he would issue a statement soon giving the complete information on this insurance.

Killeen Superintendent Expresses Appreciation For Courtesies Here

Lee Peebles, superintendent of the Killeen schools, was written a letter of appreciation to Superintendent W. T. Hanes, of the Cameron schools for courtesies extended visiting fans here on last Friday night.

Seldom have more impressive or genuine courtesies been noted in Central Texas than those to grow out of the program of welcome to the people of Killeen when the Yoemen met the Kangaroos in the deciding conference football game here last Friday night. Superintendent Peebles in his letter to Mr. Hanes says:

"I wish to convey to you and the Cameron fans the thanks and appreciation of the Killeen fans for the fine reception given them on our trip last night. Never were visiting fans

100 Per Cent Pure Test on Hubam Clover Seed From Local Farm

Hubam Clover seed tested from the W. S. Lamkin farm here has proven 100 per cent pure, it was disclosed in a card message to Mr. Lamkin from the Southern Seed Service in Waco.

The company says that out of the many thousands of tests made the Lamkin seed are the first to prove 100 per cent pure. This, they say is very unusual and an almost impossible test.

Good soil, growing conditions and climatic suitability are credited with this unusual showing in the quality of Hubam Clover seed.

Tuesday, November 5 is election day!

Ballots and supplies have been distributed to the election managers. The general election, held once each two years, results in the selection of those who hold public offices.

Since this year is not Presidential Year there is little interest in the election. It is none the less an important ballot and voters are urged to go to their respective polling places and cast their votes for the party of their choice.

The ballot this year has four columns, the first being the Democratic candidate column, the second the Republican Party. There follows a column for independent voting and still a fourth column for other types of voting not defined.

The Republicans have candidates for all state offices except Commissioner of Agriculture. The State Republican Committee said that J. E. McDonald, whose name appears on the Democratic ticket is as good a Republican as any they could name and therefore he is their choice.

Under a new law the polls open at 8 a.m., and close at 7 p. m.

There are three proposed constitutional amendments on the ballot. On Thursday, November 7, another election will be held for a ballot on one proposed constitutional amendment known as the Soldier's Land Amendment.

Officers Here Thanked For Cooperation At Cameron-Killeen Game

Local officers today were being praised and thanked by Superintendent W. T. Hanes for their cooperation and splendid job in the first organized effort to keep down drinking and disturbances at a football game here.

The handling of the crowd and the resulting enjoyment of the game by some 3500 fans gave the school authorities the opportunity to express a deserved thanks to the men who made up the police force which also included state highway patrolmen.

Mr. Hanes is responsible for the organization of the force by first requesting the officers and Sheriff Carl C. Black was most obliging to send in his own and special deputies as was City Marshal McGoldrick.

With few exceptions the crowd was orderly. Drinking was at an all-time minimum and gambling was under ban so far as possible to ascertain.

FARMERS WANT COTTON CONTROLS CONTINUED

Central Texas Cotton Farmers and growers from South Texas as well, want a continuation of price supports to be applied in a number of forms to keep alive their engagement in agriculture, they indicated to members of Congress here Monday.

A subcommittee of the House of Agriculture Committee, headed by Congressman Steve Pace of Georgia and including W. R. Poage of Waco, met with farmers here Monday in one of two such meetings scheduled for Texas.

The purpose of the meeting was to get the viewpoint of the cotton farmer and as a result the growers, some 400 of them from a wide area of the state, told the Congressmen frankly they want government controls continued.

It was inevitable that the Congressmen would be told just that, for the stock market gamblers had knocked the price down $50 a bale in a week. When the government lifted price controls the "rugged individuals" stepped in. Some of these Congressmen, including Poage, wanted all OPA regulations abolished.

It was plain to see that although some of the Congressmen were somewhat aloof to the question, the farmers seemed to realize that before and after the market debacle there was not one bale more cotton in the world not less for that matter.

The opinion of local farmers and those producers who came from a distance to attend can be summed up as follows: Continue price control. Present government support levels should be maintained. Farm labor costs should be taken into consideration in establishing parity prices. Continue and expand soil conservation practices as a means of increasing acreage that could be adjusted

YOEMEN MOVE UP ON CONFERENCE FLAG

KILLEEN DEFEATED 14 TO 6 IN THRILL GAME

Ten years is a long time to wait, but the Yoemen fought their way to the shadows of the goal of a conference championship here Friday night by taking the Killeen Kangaroos 14 to 6.

They had to come from behind in the third quarter but they did it with a splurge of explosive power that left no doubt they are of championship calibre.

The Kangaroos, sparked by Wayne Arnold who was a constant threat all night, were everything that pre-game dope pictured them and then some. It was the hardest fought and most rugged game in the memory of local fans. Two unyielding lines fought it out in sixty minutes of bang up action and the Yoemen came through with a superior back field play just as it was doped to happen.

Paul Burke, fullback, was every bit a champion. A late starter in the season he was going great guns last night, accounting for a great share of the ground gains, he lobbed two extra points through the uprights to make it five in a row, for he kicked three after touchdowns against Taylor.

T. J. O'Neill was matching the magnificent Wayne Arnold and scored a touchdown to put the Yoemen even in the third.

Joe Hawkins who attracted the attention of scouts in the south stands, at left end was the difference between victory and defeat and to him must go the credit for the scoring chances that yielded up the 14 precious points that directed the Yoemen out to a bi-district and a regional game.

Wayne Arnold, the individual star of the game, lived up to his pregame rating. The little man under the No. 25 jersey, kept the fans in an uproar and Yoemen partisans in goose pimples from the opening kickoff to the closing gun. In the last two plays of the game he racked up 20 yards and two first downs. The loss was a heart breaker for one so gallant and that goes for the entire Kangaroo team, perhaps the best ever fielded by Coach Leo Buckley.

It was a cold, still night and some 3500 fans were colorfully disposed in the main stands and the bleachers on the side and end zones as the teams took the field. Cameron won the toss and elected to receive. Arnold kicked and T. J. O'Neill ran it back to his own 45 and on the first play of the game picked up 9 and then got 5 to make it a first down. Paul Burke picked up 11 around the Killeen left end after Cameron refused a penalty and it was first and 10 to go from the Kangaroo 30. Burke got 4 and then lacked inches of a first on the Killeen 20 when T. J. O'Neill picked up 6 to make it a first on the Kangaroo 24. Burke then swished through to the 2-yard line and a first down. The T formation was not equal to the chance and the Yoemen bogged down as Hawkins dropped a pass over the goal when the ground game failed.

The ball went over and Arnold made 3. Cameron was penalized 15 for unnecessary roughness and the ball was on the Kangaroo 28. Reding picked up 6 and Arnold made it a first down. Hargrove alternated with Arnold and they got 8 and had to kick. Kenyon got off a poor punt and the ball went out on their 46. T. J. O'Neill skirted the Killeen left end for 20 yards and a first down as the quarter ended.

Second quarter opened with Paul Burke slashing of tackle for 9 yards and on the next play Gabby Hauk fumbled and Killeen recovered. The Kangaroos drew a 5-yard penalty and then Arnold shot a pass to Hargrove for 29 yards and a first down. Arnold skirted the Cameron left end for a first down. On the next play Michalka intercepted a pass by Arnold and ran it back to the 36. O'Neill got 7 and Burke made it a first down with some to spare. Hauk picked up 9 and Burke made it a first to the mid-field. Michalka lost 6 and Burke got 4. On the next play Michalka shot a 50-yard pass to Hawkins who dropped it on the goal line. Burke punted out on the Kangaroo 13.

Arnold was hemmed in at last. He could get only 8 in three tries and Kenyon got off the worst punt in gridiron history, 3 yards. The ball was on the Kangaroo 25. Burke got 3 then failed to gain and on the next play Hauk fumbled and Killeen recovered. Arnold got 10 yards and a first down. He repeated for 10 and a first when the half ended. The score, Cameron 0, Killeen 0.

Killeen had failed to penetrate the Cameron 20-yard line in the first half and Cameron had two chances to score and muffed both of them.

To open the third quarter Riola kicked off for Cameron from the west goal. The ball went out of bounds and had to be kicked over. Arnold received and ran it back 10 yards. The Cameron forwards were down fast on the Phantom. On two tries Arnold failed to gain. Reding got 5 and on fourth down Kenyon kicked out on the Cameron 45, a poor punt.

Burke got a yard and Cameron was penalized 5 for too much time out. Michalka lost 15 yards on an attempted pass. The ball was on the 34 and Arnold intercepted on the next pass by Michalka. Arnold picked up 5 and Reding made it a first down on the Cameron 26. Arnold got 3 and 4 and then a first. Arnold got 7 and Reding 2 and then Arnold made it a first down in the shadow of the Yoemen goal. The march was for 60 yards. Reding went to the 1-foot line. Cameron called time out. On the next play Arnold carried over but failed with the extra point when he tried to pass it over. It was Killeen 6 and Cameron 0.

The Yoemen broke out with a frenzy and scored on two plays. It was a big thrill and sent thousands of Cameron fans to roaring in the stands. Arnold kicked off to Hawkins, who ran it back to the Cameron 45-yard line. Joe Hawkins, the left end, took a 35-yard pass from Michalka and the ball was on the 18. Paul Burke carired it over and the score was tied. It was a 55-yard march with 2 plays. Burke added the extra point and it was 7 to 6.

Riola kicked off and Arnold ran it back to the 34. Hawkins broke through and dropped Arnold for a 3-yard loss. T. J. O'Neill intercepted Arnold's pass and ran the ball back to the Kangaroo 35 and on the next play skirted the Killeen left end to put the ball on the 10. The second time the Yoemen attack bogged down on the goal line. O'Neill and Burke failed on three tries and on a fourth down attempt a pass failed and the ball was over on the Killeen 11.

Here was Arnold again. He got a first down. Cameron refused a penalty and Salach broke through and spilled Reding for a 5-yard loss. Arnold got 3 and then Kenyon kicked. Salach partially blocked the punt. On the first play Michalka overshot O'Neill with a pass. Both sides were penalized and on a double hand off Cameron lost 5 yards. A pass, Michalka to Hawkins, was no good and the ball went over. Arnold was weary but still a threat .He got one yard and a pass to Hargrove failed. On fourth down Kenyon kicked out of bounds.

Hauk made a yard and Paul Burke streaked for 20 and a first down. Michalka lost a yard and Cameron drew a 5-yard penalty. Hawkins took a 33-yard pass from Michalka and the ball was on the 2. Burke failed to gain and a pass failed. T. J. O'Neill skirted the Killeen left end for a touchdown when Bob Holloway, right end threw a block into a Kangaroo tackler. Paul Burke stepped up and laced it through and it was 14 to 6.

Riola kicked off and Arnold ran it back Arnold got 5 and then 3 and made it a first down. A pass netted 5 and on the 4th down the ball lacked a foot and Arnold was hit hard by Riola and the gall went over.

Michalka last 10 yards and Cameron was penalized 15 for clipping. On a fake punt Hawkins took the ball, reversed the field and got back 15 was hit hard on the run back. Aryards. The Yoemen punted. Arnold nold's pass netted 15 yards and a first down. It was seconds to play and Arnold raced 10 yards as the game ended.

Santa Fe

..that's the System!

One shipper tells another: the way to get better *on-time* delivery of freight shipments to and from the West and Southwest is to ship Santa Fe.

Here are some of the reasons Santa Fe keeps freight service "on the advertised" (which is railroad language for "on-time performance"):

- *world's largest fleet of freight diesel locomotives.*
- *more miles of double track than any other western road.*
- *more miles of Centralized Traffic Control, which enables freight trains to meet and pass non-stop.*
- *world's largest private telephone system, to keep shipments moving more swiftly.*
- *increased yard capacity, and improvements along the line, such as curve straightening, new bridges, longer sidings.*

It all adds up to getting what you want where and when you want it, when you ship Santa Fe.

Ship Santa Fe all the way

TP&L ELECTRIC SERVICE

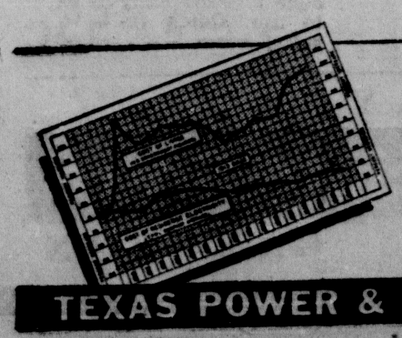
...Always The Smallest Item in Your Family Budget

Before the war, your dependable TP&L Electric Service was cheap... the smallest item in your family budget.

During the war, it needed no ceiling to keep its price down... and its supply was abundant for all needs.

Since the war, even though other living costs have gone up sharply, your TP&L Electric Service has gone *down in price again*... MORE THAN EVER, it's the smallest item in your family budget.

Shortly after the war's end, this Company voluntarily began installation of reduced electric rates, beginning with the metropolitan areas and completing the rate change in the rural areas recently. This latest major rate reduction ... the fifth since 1929... means a saving of more than $1,000,000.00 a year to customers of this Company. It means that your electric servants work for you at lower cost than ever before! It means that the average cost per kilowatt-hour for TP&L service today is less than half of what it was only 20 years ago!



It is especially comforting in these days of sharply rising living costs to know that your TP&L Electric Service rates are continuing their long-established downward trend... in keeping with this Company's policy always to provide its customers with the highest standard of electric service at the lowest possible cost.

FARMERS

(Continued from page one)

to each case. The farmers also indicated that they believe that acreage control should begin when the surplus of cotton has reached 4 million bales.

Congressman Bob Poage of Waco presided over the sub-committee of the House Agricultural Committee which conducted the hearing. He introduced his colleagues, Congressman Steve Pace of Georgia, Congressman Bob Abernathy of Mississippi, Congressman George Grant of Alabama.

Poage said that the purpose of the hearing was not to give answers but to discuss problems, that the bulk of the people cannot go to Washington so this group has come to the people.

He said that in the past two weeks the people of Tennessee, Arkansas, Missouri, Mississippi and Texas have been heard on their agricultural problems.

To show that cotton faces stiff domestic competition in the form of rayon goods and synthetics, Congresman Poage displayed items of clothing and household goods made from cotton, rayon and synthetics. In most instances, the cotton items cost most.

Congressman Pace also warned against the competition the cotton farmer faces. He said that the American cotton farmer must produce better cotton than any foreign nation.

He said that not only must the quality be better but that it must be produced more economically. This can be done, he said, through one variety cotton, building the fertility of the soil, and mechanization. He pointed out that at present price levels rayon goes to the manufacturer at around 24 cents a pound while cotton brings about 40 cents a pound.

Pace summed up his views of the farm situation in this question: "How do farmers ever expect to receive equality of treatment until they are able to sit across the table and demand equality of treatment?"

He continued: "We have a government of groups and by force groups. If farmers don't get together, somebody is going to get kicked around."

Mrs. Judd Collier of Cameron advanced a program which serves as a good sample of the line of thought at the meeting. She said she wanted to "see industry rewarded, one variety cotton, more production, parity loans and a two-price system."

Others attending and taking part in the program included: R. J. Petty of Memphis, Tenn., with the National Cotton Council of America; B. F. Vance, state director of the Production Marketing Association; Walter Hammond, president of the Texas Farm Bureau association; Tom Hatter, Clifford H. Hester, and Glen Posey, all of Bell County; J. D. Ward of the Rio Grande Valley, and George Slaughter, chairman of the Texas State AAA committee at College Station.

COTTON

ply and demand cannot obtain until spots rule.

Any claim that futures gambling stimulates the market can be proven by statistics but no one can show that the men who produce cotton have ever obtained any benefit from gambling for in the main benefits do not accrue to producers, only to those who know how to play poker with the cotton stalks.

For instance, did farmers know that the market would break Friday? The man who had futures bought knew it and saved his money by selling on Thursday because he has inside information.

Attending the meeting here Monday when several hundred farmers and business man gathered, were Congressman W. R. Poage of Waco; Congressman George Pace of Georgia; Congressman Tom Abernethy of Mississippi; Congressman George Grant of Alabama, and Congressman John Lyle of Corpus Christi.

John Norman, correspondent for the New York Daily Herald, was among the newspaper men here.

The members of the delegation were guests at a barbecue in the Central City Park Monday at noon and in the evening were guests of H. H. Coffield at his Diamond H Ranch at Friendship for a barbecue and party.

The members of the committee were due in Houston early Tuesday to take a plane for Georgia where meetings among farmers are to be held.

From where I sit ... *by* Joe Marsh

Friendship—Three Thousand Miles Apart

Ever play chess? It's a great game! One of the strongest friendships I know of started with a game of chess—between Dad Hoskins, in our town, and a man named Dalton Barnes, in England.

They've never seen each other, never met. But for the past eight years they've been playing chess by mail together — Dad puzzling over Dalton's latest letter, while he sends a chart of his next move to England.

Dad always thinks best with a mellow glass of beer beside his chessboard. And the Englishman writes him that he does the same. "You know, it's almost as if we shared a glass of beer together, too!" says Dad contentedly.

From where I sit, you can talk about diplomacy and foreign policy, but it's often those little things—like a game of chess or a glass of beer—that can make for tolerance and understanding . . . between people of all nations . . . between neighbors here at home!

FORMER LOCAL NEGROES HELD IN DALLAS KILLINGS

Two former Cameron negroes, Oscar and Charlie Allen, are being held in a Dallas jail charged with four murders and as many roberies, it was disclosed in news dispatches Tuesday.

Deputy Sheriff Will Vaughan who served under the late L. L. Blaylock, sheriff, recalled the crimes the negroes committed here and for which they were given long prison terms. They were prosecuted by the late A. J. Lewis, Criminal District Attorney.

The negroes will be indicted and tried in Dallas for the murders and robberies. Three of the victims were package store owners and the other a telegraph operator at Plano.

Oscar Allen is 44 and Charlie Allen is 55. Along in the 1920's these negroes ran afoul of the law and were sentenced to penitentiary terms for robberies. Along about 1929 they were convicted of rape and given 25 years. The offense was forcibly taking a negro girl into a pasture near Cameron where they detained her throughout the night.

Later the negroes were arrested and convicted for the robbery of the Chas. Nolte store in Ben Arnold.

Officers here during those days, according to Mr. Vaughan, who twice arrested the negroes and who remember the offenses was the late Chas. Sens, constable, L. L. Blaylock, and B. Slocomb, who was city marshal.

Joseph Allen, father of Charlie and Oscar Allen, lives in Cameron. Both men were out on parole from the Texas Prison system.

Former Cameron Negro Says Marijuana Drove Him to Commit Murder

DALLAS.—In a low voice, grizzled Oscar Allen, 44, negro ex-convict, told detective Capt. Will Fritz here today that marijuana drove him to kill four men and injure two others since August 10.

Manacled to his brother, Charlie Allen, 55, the prisoner trembled.

The two men have signed written statements in connection with the slaying of three Dallas liquor store men and a Plano telegrapher, Captian Fritz has announced.

"Why did you kill all those men?" Captain Fritz asked the younger of the two brothers.

"Well, Cap'n, I'll tell you," came the reply. "It was that marijuana. I would get to hitting the weed until I was all teed up, then I wasn't afraid of nothin' or nobody. I was ready."

"How many of those cigarettes did it take to make you feel that way?" queried Captain Fritz.

"Two would do it just about right, Cap'n; trouble is, I got to hittin' it too hard. It got me."

Allen then explained that he had started smoking marijuana while in the Texas state penitentiary. Both brothers had been sent there from Milam county on a charge of assault to murder.

Charlie declared that he once smoked the "weed" too, but that he had quit it several years ago.

BEWARE OF FIRES AFTER RETIRING

On numerous occasions we have noticed the citizens burning leaves and trash and retiring at night without extinguishing fire. This is a dangerous practice, for the wind may change or rise, and cause sparks to spread. There has been many lives and homes lost during such events. STOP AND THINK. YOU ARE NOT IMMUNE TO SUCH TRAGEDIES. It could be your home or life.

THERE SIMPLY ARE NOT ENOUGH NEW CHEVROLETS TO GO AROUND

We are getting our fair share of the current production of new Chevrolet passenger cars and trucks. And as strikes and shortages decrease, as the Chevrolet plants are able to produce more and more new passenger cars and trucks, we'll get more and more of them to deliver to our customers.

Meanwhile, as long as shortages do exist, it is our purpose to apportion our share of the new Chevrolets available fairly and justly among the many customers, new and old, whose continued friendship and patronage are the keystone of our business.

So that you may have no doubt as to our method of distribution of new Chevrolet passenger cars and trucks, we make the following—

DECLARATION OF POLICY

1. PRIORITY OF DELIVERY—New Chevrolet cars and trucks will be apportioned on the basis of: (1) essential public services, (2) veterans' occupational requirements, (3) priority of date in placing orders.

2. PRICES—All new Chevrolet cars and trucks will be sold at the authorized prices current at time of delivery.

3. TRADE-INS—No trade-in will be required from any customer who does not have a car to dispose of at the time of the transaction. Customers who do have cars will be given allowances based on honest appraisal and fair value at the time of delivery.

4. ACCESSORIES—No customer will be asked to purchase accessories as a condition of securing delivery.

5. STATUS OF ORDERS—Customers will be informed, upon request, of the true status of their orders in our files.

6. NEW ORDERS—We welcome your order for a new Chevrolet at any time.

WE THANK YOU FOR YOUR PATIENCE AND LOYALTY IN AWAITING DELIVERY OF YOUR NEW CHEVROLET

School Authorities Deserve Much Credit For Game Courtesies

School authorities were being praised here following the Killeen-Cameron game Friday night for their success in handling the largest crowd in the history of the stadium.

Superintendent Hanes placed nine buses at the disposal of the fans from Killeen who arrived just before game time on a special train. The visitors were taken to the field free and were transported back to the train at the close of the game.

It was entirely a school affair and was handled as such by the leaders in the school system, thus demonstrating that those best conversant with the needs on such occasions can best be depended upon to get the job done. This is said to echo the comments of many. It is important also that mention be made of the appreciation expressed by Mr. Hanes for the cooperation of the citizens and the offers of private means of transportation.

No better system could have been devised to express our spirit of the good neighbor and Cameron is proud of its school officials.

BOYCE HOUSE "Gives You Texas"

They say that J. Evetts Haley, noted Texas author, once visited a Fort Worth book store. His newest volume was on display. Picking up a copy, he asked the saleslady, "Is this book any good?" Not knowing she was speaking to the man who had written it, she answered, "You bet it is! The pictures were drawn by Harold Bugbee!"

Bugbee is, of course, the Clarendon artist.

None of us can resist the temptation to say, "I told you." Last summer, I warned that an effort would be made next January, when the legislature meets, to repeal the tax exemption on the gasoline the farmers burn in their tractors. Well, those in favor of removing the exemption didn't wait till January, the campaign has already started.

The farmer is the most heavily taxed man in Texas in proportion to income and property. His land can't escape taxation because it is out in the open where everybody can see it; he couldn't hide it, even if he wanted to. And he pays 4 cents a gallon on the gasoline he burns in his automobile—and mainly drives over community roads that are dusty half the year and nearly impassable with mud the rest of the time. And they are going to try to make him pay a tax on the gasoline he uses in his tratcor.

A favorite story is the one about the Irishman who captured 17 enemy soldiers, single-handed. The general asked, "How did you do it?" He said, "I surrounded 'em."
